What is Usui/Holy Fire Reiki?

Reiki is a Japanese technique for stress reducation and relaxation that also promotes healing. It is administered by "laying on hands" and is based on the idea that if an unseen "life force energy" is low, then we are more likely to get sick or feel stress, and if it is high, we are more capable of being happy and healthy.

Usui/Holy Fire Reiki has been introduced by the International Center for Reiki Training. It is both powerful and gentle and provides purification, healing, empowerment, and guidance. Holy Fire Reiki is a combination of traditional Usui Reiki and a new evolution of Reiki. This energy is remarkably refined and comes from a higher level of consciousness than other energy energy encountered before. It is more effective. While Reiki is spiritual in nature, it is not a religion.

"God has breathed new life into Reiki."
Laurelle Shanti Gaia

Reiki is a simple, natural and safe method of spiritual healing and self-improvement that everyone can use. It has been effective in helping virtually every known illness and malady and always creates a beneficial effect. It also works in conjunction with all other medical or therapeutic techniques to relieve side effects and promote recovery.
